**AZOR ADVISORY BREAKS
GROUND ON RETAIL
REDEVELOPMENT OF SOUTH
FLORIDA OFFICE COMPLEX**

PLANTATION, FLA. — A partnership led by Azor Advisory Services Inc. has broken ground on the redevelopment of an office building in Plantation. Phase I — set for completion in early 2020 — will feature 6,400 square feet of retail space occupied by Starbucks Coffee. The initial phase is being built on an empty piece of land on the south end of the property. Phase II — which will include bulldozing the existing office building — is expected to break ground in September. Lombardi Development will act as general contractor for the project.
